## Report of Principal and School Improvement Council

With the valuable assistance from the staff and the School Improvement Council, this report has been developed to share with you our challenges and our successes. To address our concerns in the area of reading, we implemented the coherent curriculum and provided trade books for all students throughout the year and during the summer in order to help build home libraries and promote reading. During the school year, we continued the implementation of the Voyager Reading Program, students participated in the First Grade and Second Grade Academy, and teachers used Scholastic Leveled Readers to strengthen basic reading skills. Primary teachers were trained in Wilson's Foundations, Fountas and Pinnell Leveled Literacy Interventions, and the district's Literacy Pathways Guide which is a companion to coherent curriculum for effective balanced literacy strategies. We also continued to utilize Reading Soul Mates and home reading programs as school wide initiatives. In order to close the achievement gap in math, our teachers received continuous training in Everyday Math which aligns the state standards to our curriculum. Teachers also participated in four math trainings, "Beyond the Classroom". Teachers were trained to strengthen their students' mental math abilities and how to use math manipulatives. To help our students improve their writing skills, teachers received training in the Write Traits + 1 Model, which is implemented across the curriculum.

In addition to implementing the strategies described above, Ellington continued to use an instructional resource teacher to provide instructional support for the staff and small group instruction for targeted students. The primary responsibility of the coordinator is to help teachers analyze data, plan instruction, implement the coherent curriculum, develop common assessments, and provide professional development. Finally, the teachers are provided with methods and strategies that are based on scientific research. We are confident that our students will continue to show gains on the state assessment due to our instructional focus and our rigorous staff development opportunities that are conducted throughout the year.

**ESEA/Federal Accountability Rating System**

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
